CITY NEWS IN BRIEF

A St. Patrick's Day dance was given last night in the K. of C. hut at Camp Humphreys.

A meeting of the Reliance Fire Company will be held at 7:30 o'clock tonight.

At Immanuel Lutheran Church tomorrow night at 8 o'clock subject of Lenten sermon, "Christ Before Caiaphas."

Charles E. Hayden, son of Mr. and Mrs. Thomas Hayden, 110 Prince street, who has been overseas, has been mustered out of service and returned to his home in this city.

Invitations have been issued for a farewell dance which will be given by the members of the Quartermaster Corps, Camp A. A. Humphries, Thursday evening, March 20th, at the War Camp Community Service Club.

Raymond Sutton, son of Mr. and Mrs. William Sutton, 106 Prince street, who has been overseas, and who was wounded in action, is spending a few days as guest of his parents.

At a meeting of the Protected Home Circle held last night at the Pythian Temple several new candidates were initiated by the grand officers of this district. Afterward refreshments were served by the women of the local circle.

The case of Morris Bennett charged with an alleged violation of the state prohibition law, is in progress today before a jury in the corporation court, Judge L. C. Barley presiding. The accused is represented by Attorneys Charles Bendheim and Robinson Moncure, and the state Commonwealth's Attorney Howard W. Smith.

INGOMAR—LOUISE HUFF

The sort of a picture that everyone enjoys is "Crook of My Dreams," the new World Picture starring Louise Huff, will be seen tonight at the Inmar Theatre.

"Crook of My Dreams," has humor sentiment, mystery, vivid characterization, speed in action in addition to a beautiful and popular star and a cast of superior excellence. And furthermore, the production has been staged with a wealth of detail and with a style which makes it one of the classiest pictures of the year.

RICHMOND TONIGHT

A new brand of preaching is introduced by Tom Mix, the celebrated William Fox star, in "Hell Roaring Reform," which will be seen at the Richmond tonight. He lets his six shooters deliver the sermons which lead to the regeneration of a "bad" little western town.

This is the best picture in which Tox has been presented, and should add greatly to his "fan" following because the star not only does many thrilling things, but the story itself is worthy, there is much humor and the supporting cast is strong.

There seems to be no limit to the acting of Mix.

STORM KILLS SEVENTEEN

Many Deaths and Injuries in Northern Mississippi—Property Damage More Than $1,000,000

Vicksburg, Miss., March 18.—Seventeen dead and between 150 and 200 persons injured is the toll taken by the storm which on Sunday swept parts of Northern Mississippi, according to reports reaching here last night. Property damage is believed to have reached more than $1,000,000.

SHOTS FIRED IN STRIKE

Lawrence, Mass., March 18.—Serious riots occurred here early today when more than 1,000 striking textile workers and sympathizers attempted to parade the streets. Shots were fired by the strikers, and bottles and bricks hurled when the entire police force of the city, headed by Marshal T. J. O'Mrien, charged the crowd.

FLOOD IN THE WEST

Thousands of Dollars Damage Caused by Torrential Rains—Traffic Blocked.

Cincinnati, Ohio, March 18.—Heavy rains throughout Ohio, Indiana and Michigan yesterday and during the three preceding days have swelled many rivers to threatening proportions.

The Maumee, emptying into Lake Erie at Toledo, is out of its banks at some places. Twelve inches of water cover hundreds of acres of lowlands. Latest reports said the river was rising two inches an hour.

The Ohio River at this point was rising three-tenths of a foot an hour. The Ohio also was rising at Evansville, but weather forecasters predicted that there will be no flood.

A 48-hour rain at Findlay has sent the Blanchard River to a high level. Several tributaries are out of their banks. Water in the Ottawa River at Lima was within two feet of the banks. In some places the stream overflowed.

The Licking and Muskingum, at Zanesville, and the Scioto, at Columbus, are high, but there is no apparent danger. The Wabash, at Terre Haute and Vincennes, is almost at flood stage.

Although the Grand River passed its flood stage at Grand Rapids no danger from high water is anticipated.

Thousands of dollars damage to farm land and small towns was the result of rainfall in Northwestern Kansas.

Many families, it was reported, were forced to flee from their homes. Flood warnings were sent out from Wichita, Lawrence and Bonner Springs, where further danger was anticipated. Two cloudbursts caused at least $300,000 damage at Atchison, Kans. Traffic on the Missouri Pacific was interrupted by inundated roadbeds.

LITTLE GIRL'S FOOT IN SEWER TRAP

Early last night people residing near the intersection of Queen and Pitt streets were startled by the piercing shrieks of a little girl, and rushing to the direction from which the sound came they found that the child's foot had been caught in the lid of a sewer trap, and that she had been painfully injured. The heavy iron plate was removed quickly and the little one released and carried to her home nearby. It seems a ten-cent baseball had rolled into the sewer opening and several boys who had been engaged in a game were bent upon recovering the toy at any cost. The lid had been raised and dropped quickly, and in its descent had caught the child's foot.

The sewer trap at Queen and Pitt street is said to be a plaything for numbers of children living in the neighborhood. It is often removed and dropped in the manner described above, while little ones are standing round.

FOR LEGAL ASSAULT

Array of Noted Lawyers Plan Drive on Dry Amendment Throughout Nation

Washington, March 18.—Plans for the legal assault upon the constitutionality of the national prohibition amendment are beginning to take definite shape. With an array of legal talent being summoned to represent the brewers' distillers' and "neutrals" interests, and with arrangements under way to establish in every state of the Union branches of the Association Opposed to National Prohibition, with national headquarters in Washington, it was expected that the drive would be on in earnest before the end of the week. Mass-meetings, it is learned, will be held throughout the country during the week beginning April 19, with one of the biggest gatherings planned for Washington.

HIBERNIANS CELEBRATE

Alexandria Division No. 1, Ancient Order of Hibernians, last night celebrated St. Patrick's Day with a luncheon and smoker in the Lyceum Hall. During the evening addresses were made by Rev. Fathers Smet, Kelly and Winston and Messrs. Desmond, M. J. McFarland, M. E. Greene and E. T. Quinn.

1,900,000 MEN TO STRIKE

Employees of British Miners and Railroads Will Walk Out as a Result of an Adverse Report on Some Demands of Laboring Men.

London, March 18.—With only a month's coal supply on hand in this city, it was learned today from an authoritative source that a stirke of the "triple alliance" coal miners, railway men and transport workers, is practically inevitable.

The government commission of inquiry is due to report on Friday and the prediction is that a walkout of 1,900,000 workers will follow as a result of an adverse report on the part of some of the demands of the coal miners.

The miners and the railway men are contending for nationalization of mines and railroads.

The government has prepared for a strike and is ready to transport fuel and food into the city in motor lorries. The newspapers are faced with a tie-up because the drivers of delivery wagons would be called out if the strike went into effect.

Unless the walkout is averted—and Premier Lloyd George is coming to England from Paris in a few days to attempt that miracle—all of industrial England may come to a standstill. That an extremely grave situation looms on the horizon was made clear by the premier himself when he said that a general strike might mean civil strife.

STAIN VIRGINIA'S RECORD

North Carolinians Object to Indignities Suffered by Women on Searched Trains.

Residents of North Carolina returning to Greensboro from northern points are freely expressing their indignation over the manner in which they allege they are treated by Virginia officers who, they declare, search practically every train passing through the state in the hope of finding whisky. These Grensboro citizens give voice to their indignation in a North Carolina paper and say that they are no longer worried by Federal officials, since instructions were issued by the United States Attorney General, but that "the Virginia officers have become worse."

One complaining North Carolinian says: "In the middle of the night the train is stopped and, with a pistol staring them in the face, the passengers are subjected to the roughest treatment. Disregarding the fact that a woman may be asleep in a berth, these officers pull the curtain side and flash a light under the cover in search of whisky. Thus is protection of womanhood forgotten in the eagerness to obtain reward for an arrest. The end does not justify the means in cases of this nature. Even were the train full of whisk it would be better to let it pass over Virginia soil than subject women to such degradation. Virginia has stained her reputation as a State not only by permitting, but by advocating, such ruthlessness. But I do not think that America, as a nation, should be disgraced by its continuance."

"VICTORY BOY"

The Editor, "Alexandria Gazette:"

The great world war has ended, and thousands of Uncle Sam's fighting sons (and daughters, too) are arriving daily from overseas, among them heroes bearing honor wounds of every kind. The lads from Alexandria who fought bravely in many of the great battles for freedom of the world were there to win or die, and some did die, and their honored remains now lie buried in France, while others are homeward bound and will be with their dear relatives and friends before summer time. Everybody is proud of them—and well should they be—for their bravery will balance with any other class of fighting men in the world. Some wear the La Guerre Cross and other decorations. Now, there is something else for which the people of Alexandria are proud and that is the Virginia Shipbuilding Corporation which has accomplished wonders during their brief time here. The launching of the great steel ship recently was a great event. When she was slowly and gracefully sliding down the ways to enter the Potomac river, it was a pleasing sight to see "Gunston Hall, Alexandria, Va.," painted on the stern of that magnificent sea-going beauty, and made the hearts of our town people throb with joy.

As the officials of the Virginia Ship building Corporation have in many ways proved themselves to be patriotic Americans and gentlemen of the highest degree, I respectfully suggest that they name one of the ships now being built in their yard "Victory Boy" in honor to the Alexandria boys who fought for the greatest and noblest causes for humanity and world peace.

OUTBREAKS IN KOREA

Demonstrations Far More Serious Than Reported, is Information Reaching Shanghai.

Shanghai, March 18.—The demonstrations which have been going on in Korea have been more general than has been reported by the Japanese, according to information reaching this city from across the ocean frontier. It is said that all classes of the population are taking part.

It is asserted by the Koreans that all schools and churches have been closed and that native pastors and elders to the estimated number of 1000 have been arrested. It is declared that the movement for the independence of Korea has been going on secretly ever since the country was annexed by Japan, in 1910.

Thirty persons were killed and 40 wounded at Sungchun, Korea, on March 4.

At the village of Seheung, south of Pingyang, four gendarmes fired on a mob until their ammunition was exhausted, 51 persons being killed, the account states. The mob eventually killed the gendarmes. At Yangdok, 20 rioters weer slain in an engagement.

The activities of girl students throughout the demonstrations in Korea are emphasized by the newspaper, which makes particular mention of the fact that at Anju, two Korean gendarmes discarded their uniforms, joined a crowd and shouted "Long live Korea." The Japanese guards thereupon fired, eight persons being killed nad 30 wounded, four mortally.

HURRY YANKS BACK, PRESIDENT ORDERS

Paris, March 18.—President Wilson today directed all American transport officials to make good their promises to speed up the return of American soldiers to the United States.

Beginning next month, they will be sent back at the rate of 300,000 monthly.

CARD OF THANKS

We wish to extend our sincere thanks to our friends for the kindness and sympathy shown us, and also the beautiful floral tributes at the death and burial of our dear brother, Paul H. Olinger. These deeds of kindness shall long be remembered by us.

FOR WAR SUFFERERS WILL DEDICATE HUT

Campaign For Collecting Old Clothing March 24-31—Work Under Auspices of Red Cross—Lack of Clothing a Serious Problem.

Through seven depots in northern France and Belgium the American Red Cross is now conducting its task of distributing clothing to the destitute refugees of those countries. The work is growing and during the last week of March there will be a nation-wide collection of used clothing, shoes and blankets to meet the imperative needs of the refugees in Allied countries.

Cable reports to the National Headquarters of the Red Cross show that distribution depots are in operation in Lilla, Amiens, Laon, Mazieres and Verdun, in France and at Adinkerko and Bruges, Belgium. Refugee garments shipped during January to those depots totalled 229,060 separate articles. Some of the largest items were 23,000 men's shirts, 22,500 children's petticoats, 44,000 chemises and 16,000 blouses. In addition to the work of the seven distributing depots, 8,600 garments were given to the needy in Paris during the month.

Every survey that has been made in Europe shows that the lack of clothing is one of the most serious problems faced by the population struggling with reconstruction. To help them the American people will be asked to donate a minimum of ten thousand tons of cast off garments. The need in the devastated countries is so great and distressing and the duty of the Red Cross is so urgent, that all Alexandrians should feel it a privilege to respond to this nation wide appeal for used clothing and to be able to take part in the biggest campaign of the kind ever made. All garments should be sent to the Alexandria Red Cross Headquarters on March 24 to 31, 806 Prince street. Those who wish their garments called for will kindly notify Swan Bros., telepohne 183. Mr. Swan has generously given the local Red Cross the use of his automobile delivery wagon for the week of the drive and the ladies in charge of the campaign appreciate his thoughtful offer.

REACTION IN GERMANY

Military and Monarchist Faction Oversahdowing Government

Copenhagen, March 18.—The order issued by Gustav Noske, the German Minister of War, for the execution of persons possessing arms and fighting against the Government has been withdrawn, according to a Berlin dispatch received here.

London, March 18.—Special dispatches from Berlin report that the suppression of the recent Spartacan outbreak there has shown that a military and monarchist reaction is growing and overshadowing the new Government.

The Berlin correspondent of the Mail, who on February 27 sent a dispatch outlining plans for a monarchist uprising in Germany, has arrived in London, having left Berlin on March 14 after a residence there of three months. He reiterates the statements made in his dispatch, saying that President Ebert, Chancellor Scheidemann and Minister of War Noske are merely puppets. He declares that for the purpose of retaining power they have allowed members of the military caste to reappear as organizers of the new republican armies.

"These men are the real governors of Germany," he says.

TRIAL SET FOR APRIL 9

James H. Lawrence Charged With Murder of Policeman Walker W. Campbell

The trial of James H. Lawrence, charged with shooting and killing Policeman Walker Campbell, was set for trial April 9 today by Judge L. C. Barley in the Corporation Court. Lawrence was formally arraigned and entered a plea of not guilty.

Policeman Campbell was shot the morning of February 14 after having placed the accused under arrest for a minor offense. Policemen Campbell and Padgett had gone but a short distance with their prisoner when it is alleged Lawrence pulled out a pistol and shot Campbell and Campbell died February 16 at the Alexandria Hospital.

The proposed change of city government has already created considerable talk about the city and interest in the matter will from now on oe developed it is believed.

As already stated the board of directors of the Chamber of Commerce tonight are expected to adopt the resolution providing that steps be taken to secure the city manager plan.

By tomorrow repreaentatives of this organization will circulate petitions throughout the city calling upon the voters to sign in order to obtain the necessary number in order that it may be presented to the judge of the circuit court for this city. The judge, after the required number of signatures are obtained, will call a special election in from thirty to ninety days.

Knights of Columbus Will Hold Services Sunday Afternoon—Speech-making and Musical Program to be Features.

Two new huts erected recently by the Knights of Columbus at Camp Humphreys for the soldiers at that camp will be formally dedicated at 2:30 o'clock Sunday afternoon. The committee in charge has prepared an elaborate program for the exercises.

The principal address will be delivered by Rt. Rev. D. J. O'Connell, bishop of the diocese of Richmond.

Others scheduled to make addresses include P. J. Haltigan and Michael Schaffer, both of Washington.

Music for the affair will be given by the Fifth Regiment Band which recently returned from overseas.

At the conclusion of the exercises refreshments will be served by the women of St. Mary's War Camp Community Service Club, this city.

One of the huts to be dedieated has been in service since December and the second hut has been only used during the past ten days.

The committee in charge of the arrangements for the service invites the public to attend. It is expected that a large crowd from this city and also from Washington will be present.

TRIES TO STEAL WOMAN

Spurned Suitor Said to Have Been Caught by Her Mother as He Carries Her Out Window

Pittsburgh, March 18.—Charged with having attempted to kidnap Miss Helen Ritter, aged 21, from her bedroom in Millvale early yesterday morning, after binding and gagging her with strips torn from her nightgown, Charles F. Rossman, aged 35, was arrested Saturday and is being held pending a hearing before Alderman Riley. Following his arrest, Rossman was taken to detective headquarters. He is said to have threatened to commit suicide if he could not get the girl.

Shortly before midnight, Miss Ritter was awakened by some one caressing her while she was in bed. When she screamed for help, her assailant tearing her night robe into shreds, used it to bind her hands and feet. He then forced a gag into her mouth to prevent her from screaming, and attempted to carry her from the house by climbing out of the bedroom window to a porch roof. While he was struggling to force the girl through the opened window, Miss Ritter's mother, hearing screams, rushed to the scene. As she entered the room she seized the man and called for help. The intruder, who later was identified as Rossman, dropped the girl and fled over the porch, jumped to the lawn and escaped.

Investigation disclosed that the man had entered the girls' bedroom earlier in the evening by climbing over the porch. Secreting himself in a closet, he waited until she had retired. According to the detectives Miss Ritter asserted that Rossman on several occasions at parties and dances attempted to force his attentions on her but she spurned him. Rossman was arrested several months ago after it was said, he had threatened to kill her if she refused to accept his attention.

ANOTHER HUN DREAM

Kuehlmann Says Germans Will be in Paris Before 1925.

Paris, March 18.—The German empire will be rehabilitated more rapidly than most people think, Dr. Richard von Kuehlmann, former German Foreign Minister, declares in a letter quoted by the Echo de Paris, according to the letter. Von Kuehlmann says that the former ruling classes of Germany are still hopeful of retaining power.

The letter says that events are moving as the writer anticipated earlier in the year when he wrote that Marshal Foch had sheathed his sword and it would not be necessary for Germany longer to fear France.

Under favorable conditions, Von Kuehlmann is quoted as saying, the Germans will be in Paris before 1925.

SLEEP MALADY KILLS

Richmond Reports First Death by Mysterious Disease—Other Cases

Richmond, Va., March 18.—Richmond's first death from the so-called sleeping sickness was reported to the health department yesterday. The victim was E. Peter Steuder, of Crew, Va., who had been a patient at a local hospital since March 2. No additional cases of the disease have been reported to the health department.

Columbia, S. C., March 18.—Two cases of the strange "sleeping sickness" were reported yesterday to Dr. J. A. Payne, State health officer. The cases are at Latta and Johnsonville.

Fort Worth, Texas, March 18.—Lieut. Clark Wright, of the 345th field artillery, is awake after a four weeks' sleep. Physicians who had failed to arouse him agree that either an attack of influenza or else too close study in the army caused the long sleep. The lieutenant appears to be in fairly good health after the long nap.

Boston, Mass., March 18.—Two deaths attributed to lethargic encephalitis were reported by physicians in this city and Brockton yesterday. Mrs. Michael S. Russo, who had been asleep for nine days, died here Sunday night. The death of a child 4 years of age from the same cause was announced in Brockton.

STREET CAR STRIKE ENDED

Newark, N. J., March 18.—The street car strike which affected all northern New Jersey came to an end at 4 o'clock a. m., today on a settlement basis proposed by the War Labor Board.

Each side in the controversy claimed to have won a victory.

GROVER CLEVELAND

The anniversary of the birth of Grover Cleveland follows closely that of Saint Patrick. The latter is supposed to have been born on March 17, while the late President first saw the light of day on March 18. If he were living today he would be 82 years old. There will be the usual annual commemoration at one of the theatres in New York.

The New York Times makes this the text for a fine and appreciative editorial upon Mr. Cleveland, who was a truly great man, and one of the ablest and most fearless of our Presidents. Like Andrew Jackson, he was three times a candidate for the Presidency and twice elected. He was twice elected because the people had confidence in him. He was thrice nominated, not because the statesmen and politicians who controlled the national conventions loved him, but because they were forced by public sentiment to nominate him, and they were impelled to it also by the conviction that he was the only available Democrat who could be elected.

Mr. Cleveland did that which he thought it his duty to do without any regard to the consequences which would affect him. Invincible courage, rugged honesty and unyielding will power were among his great qualities.

He manifested his courage when he dealt with the railroad strike and riots in Chicago. "If a man in New York," he was reported to have said, in substance, "mails a postal card directed to San Francisco. It shall go to San Francisco if it requires the whole force of the Federal Government to get it through."

He greatly enlarged the scope of the Monroe Doctrine by declaring that it was an invasion of that doctrine for England to undertake to enlarge her territory in South America in a boundary controversy with Venezuela. He defied England and England admitted he was right in principle.

As the years pass, Cleveland looms ever bigger and bigger in history.

FIREARMS IN CITIES

The killing of a 11 year old boy on his way to school by a man who was shooting at a cat is one of the most distressing of recent tragedies in Baltimore, and papers of that city are directing the attention of the authorities to the inadequacy of the law concerning the use of firearms. As a paper of the monumental city says, a great city is full enough of perils already without adding to them a new source of danger. Every parent in the city was shocked by the fate of the little boy, and his death has opened up to all of them new vistas of anxiety.

"No criminal intent attached to the unfortunate man who fired, but would he have fired had there been a law holding him to criminal responsibility in case of the killing or wounding of a human being? What is emphasized by this case is the apparent inadequacy of the law in such instances as this. There is a fine for carrying deadly weapons without a permit. But if a man fires or wounds some one, should not a statutory penalty be provided that will fit the offense? People have no right to go gunning in a city for cats or any other sort of game, or to discharge firearms, except at burglars or other criminals. And if they do and cause the death of innocent passersby, they should be made to stand the consequences. It is no justification to say, "I didn't mean to do it.', The criimnal law implies intent when a casualty is the logical result of a reckless action. But nothing ought to be left to implication with regard to the use of firearms in cities.'

HERCULES IS NEEDED

The discovery of an illicit whisky still on the farm of the Rev. Purley A. Baker, president of the Antisaloon League of America, and the disclosures showing that not a few United States senators and members of the House of Representatives, who voted for the national prohibition amendment, took time by the forelock and stocked up on "wet goods" before Washington was made bone dry, raises considerable doubt as to the sincerity of the "drys." The two occurrences also would seem to indicate that the services of Hercules, who did such a good job of cleaning out the Augean stables, may be needed to thoroughly enforce national prohibition, with a chance against even that wonder-worker succeeding. No one accuses Rev. Mr. Baker, who lives in that more or less dry state of Alabama, of placing the still on his farm, of operating it, or even knowing its existence. A negro, arrested in connection with the discovery of the whisky-making apparatus, may be able to explain why it was there. Still, the fact remains that the still was there. Even if, as some believe, the still was "planted" there by "wets" for the purpose of embarrassing the head of the league and the league itself, Mr. Baker should have been prepared by what certain members of the league said they expected from the "wets," and should have kept more careful watch. Even the Alabama incident pales, however, before the startling fact that express receipts of the Washington office of the American Railway Express show that many national lawmakers who voted against liquor beat the Reed Bone-Dry Law and laid in a goodly supply of booze against the days when they could not get it. Most of the senators and representatives voted dry December 17, 1917. Since that time some of them received regular shipments of "ardent spirits." They may not have used the spirits themselves, and they may have ordered them for their political friends and constituents.—(Baltimore Star.

NEWS OF THE DAY.

"We are trying with all our might and main to stem the tide of Bolshevism," says Dr. Mathias Ezberger, chairman of the German armistice commission. "Establishment of the league of nations depends upon abandonment by the allies of the mailed fist policy toward us." Dr. Ezberger then made the novel point that Germany will pay not a cent of indemnification for anything that happened in the war after December, 1916, when our peace offer was rejected. We have no moral obligation to compensate our enemies except Belgium," Dr. Ezberger declares.

From excellent authority it is learned that a trans-Atlantic flight may be attempted within ten days from Ireland to New Foundland or to New England, if conditions are favorable. The airship which is to try the trip is 670 feet long; has five 250 horsepower engines and is capable of making seventy miles an hour.

Stephania Turr, daughter of a Garibaldian general, who just returned to Rome from Austria, says that Prince Obolensky, former captain o f the Czar's bodyguard, informed her that the Czar, Czarin and their children are stil alive in Northern Russia.

Another attempt has been made to assassinate Premier Lenine, according to a dispatch received from Berlin. He was shot at in Moscow, but was unwounded, it was said. His assailant was lynched.

Cairo is under martial law as a result of the extension of rioting by Egyptian nationalists, which began as a protest against deportation of four of their leaders. The streets are patrolled by troops and armored cars. More than 400 arrests have been made so far.

Gen. Von Armin, former commander of the German armies in Flanders, was clubbed to death by a mob of peasants in Asch, Bohemia, it was reported in dispatches received in Copenhagen yesterday. The killing of Von Armin followed his firing of shots at peasants who trespassed on his grounds. Afterwards the peasants pillaged his castle

Dr. Walter Keane Wilkins will be arrested on sight, it was announced last night in Long Beach, N. Y., following an application to Justice Coleman by District Attorney Chas. R. Weeks for a warrant for the physician in connection with the murder of Mrs. Wilkins at their home here on February 27. Dr. Wilkins has been missing since Sunday and is believed to have committed suicide.

A plenary session of the Peace Conference will be held some time next week in which the peace treaty will be presented with the league of nations included, it is learned. It is surer than ever that the impending agreement with Germany at Versailles will be a definite treaty of peace —not an armistice renewal for a preliminary peace.

Declaring it to be "offensively impertinent" and "deliberately mendacious," Secretary of the Treasury Glass yesterday returned a letter written to him by Representative L. T. McFadden, Republican, of Pennsylvania. The communication which gave offense to Secretary Glass questioned his right to "designate John Skelton Williams as Comptroller of the Currency in the absence of specific legal authority." Mr. Williams' five year term expired February 2. His reappointment by the President was not confirmed by the Senate and the President did not make a recess appointment. Secretary Glass continued him in the office after obtaining an opinion on the legality of the step from the Attorney General.

Food conditions in the Near East are frightful, advices from Tiflis in Trans-Caucasia to the State Department said yesterday. "In Erivan it is reported that 45,000 are without bread and there is not even a dog, cat, horse, camel or any living thing in all of the region about Igdir," the department announced. "Refugee women are seen ripping flesh from dead horses with their hands." Some food is stored at Baku and Batoum, but transport is hampered by poor facilities and snow.

FIFTY-FIVE KILLED IN RIOT

As Result of Plundering, a State of Siege Has Been Declared Over Many Towns

Berlin, March 18.—Fifty-five persons have been killed and 170 wounded in the riots at Halle. Two hundred and eighty persons have been arrested for pillaging. The value of the stolen property is estimated at 18,000,000 marks.

As a result of the plundering in the sections of the country outside of Halle a state of siege has been proclaimed over Bitterfeld, Delitzsch, Muencheln, Merseburg and Koennern.

Rioting on the part of peasants in Windschlag, near Offenburg, Bavaria, forced the visiting food commission to seek the protection of the military authorities. The rural producers refused to make declarations of their food stores and drove off the officials with pitchforks and clubs.

HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sectors, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Edgerly Austin, American Expeditionary Forces, France—October 17th, 1918.

This is exceptional service, all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

KAISER AND NAPOLEON

When all is said and done in regard to the proper treatment of the ex-Kaiser of Germany, it cannot be denied that those who are hesitating about drastic treatment being measured out to him by an outraged world are wrong in considering the possible repetition of what happened in the case of French reverse of sentiment as to her one time Lord and Master, Napoleon Bonaparte.

Although his banishment to St. Helena was made the occasion of a revulsion of feeling in his favor after his demise, and led to the laudation of the First Emperor in a degree that now seems extravagant as well as to his mausoleum placed in the most conspicuous church edifice in the French Capital, it must be remembered that ,aside from having led France to the very highest pinnacle of glory in arms, the great Corsican also did wonders for his country. A genius himself in many lines, he assembled the best talent of the country and devised laws, erected monuments and provided betterments for all the people that rank him easily with the greatest statesmen of modern times.

What has Wiliam II done for his native land? Nothing but turn the hearts and minds of his people toward conquest, deceit and bloodlust for selfish gain and led them into a war that will leave the name German synonymous with all that is basest, the most brutal and heathenish that was ever exhibited by any nation in ancient or modern times.

A veritable lunatic from self-glorification and abnormal viciousness, he is a fit subject for some asylum for the criminal insane, and should be dealt with accordingly. —(Charlottesville Progress.

DO YOUR PART

There are three parties in every telephone conversation—the person calling, the operator and the person who answers. All three share the responsibility for quick and accurate service.

The person calling should give the number in a distinct voice, speaking directly into the mouthpiece, and wait at the telephone until the called person answers or the operator reports. The person called should answer promptly.

Care and promptness on the part of both telephone user and telephone operator are essential to good service.
